*Parking Fron Basin/Trevor Basin* – Discussions with CRT and WCBC were on-going.

*Dog fouling on the old railway line* – an update had not been received regarding the request for enforcement visits by WCBC.

*Installation of a lockable gate at the George Avenue playground* – The Clerk was awaiting a reply from the Economic Development Department at WCBC, regarding the reinstatement of the bottom fence, and removal of the kissing gate. Before the new gate was installed, the clearance for grass-cutting machinery was being checked. Residents next to the playground path, who had initially indicated no objection to the installation of the gate, had recently expressed concerns to a Councillor about the possibility of youths congregating near the gate. It was decided that the Clerk would write to the residents to ask for confirmation in writing that they have no problem with the installation.

*Possible use of the Froncysyllte school field* - Discussions were on-going, but on hold due to Covid 19.

*Footpath between Alma Road and School Lane* – Collection of the necessary information to apply for the Modification Order was on-going.

*Steps on the footpath near the Pump field* – WCBC had agreed to pay for the footpath steps to be fixed, but were not prepared to carry out the work needed to avoid flooding on the railway line path. It was decided that the Community Council would pay for repairs on the railway line.

As the Community Council had grave concerns about the proposed development, it was decided that the Clerk would ask the Head of Economic Development at WCBC to meet with Councillors to discuss the proposal.

## **11. To consider the parking issues on Gate Road Froncysyllte**

Parking on Gate Road was discussed in relation to road safety. Concern was expressed about cars entering and exiting canal side, and also travelling up the hill towards the A5, due to parked cars on Gate road. Road safety was affected due to reduced visibility and the speed of cars travelling down the hill. Cllr. Roberts offered to arrange a site meeting.
